The 10 Lepers

Wednesday 5th January 2022

Thankfulness

Leprosy was a terrible disease. People with leprosy could not get close to anyone. They had to live outside the city. They had to ring a bell so people could run away from them.

1

One day, ten lepers heard that Jesus was nearby. They rushed out to meet Him and cry for mercy. They knew that Jesus could heal them.

Thankfulness

Most people ran away from lepers.
But Jesus had mercy on them.
Jesus healed all of the men.
He told them to go see the priest to be allowed back into the city and to see their families.

3

One of the men came back to thank Jesus for healing him.
The other nine forgot to thank Jesus.
Jesus was happy with the thankful leper.
Jesus said to the man, "Go, your faith has made you well."
